

# Digitally Transform Your Oil and Gas Well Site Operations

## Zedi Cloud SCADA Solutions

Effortlessly integrate data from any source to rapidly enable better business decisions while increasing production, profits and sustainability.

# Rapidly realize your oil and gas production potential through cloud analytics, machine learning and mobility.

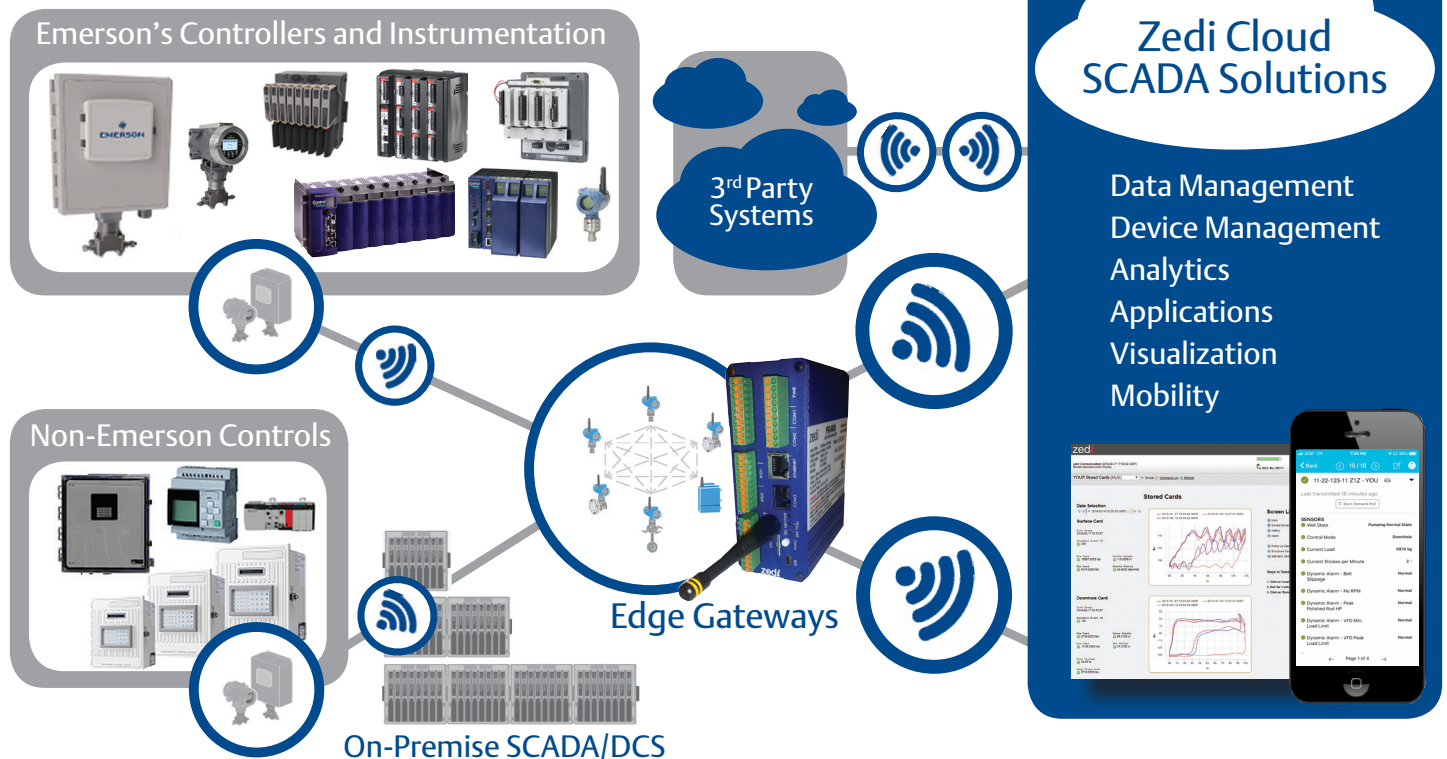

Getting end-to-end production data in real time from every sensor in the field is the key to optimizing your operations. Now you can provide your staff with secure, real-time, easy-to-read production data – anytime, anywhere. Driving stronger business decisions at every level.

Emerson's secure, scalable Zedi Cloud SCADA Solutions enable producers around the world to compile data from any digital monitoring hardware via gateways that support a variety of protocols. We provide end users with a web interface, as well as the ability to push data to third party platforms, allowing remote control and optimization via cloud-based data access.

Discover how our Cloud SCADA Solutions will help you better understand big data with vivid analytics while providing greater mobility. Take your operation farther, faster by joining the journey to digital transformation and ultimately autonomous oil and gas operations.

## Monitor & control assets in the field – anytime, anywhere.

# Join the Journey

Expedite your digital transformation journey to an autonomous oil and gas operation with Emerson's Zedi Cloud SCADA Solutions. Our proven hardware and software, backed by our team answers every producers need for stronger, long term returns. Our scalable solutions fit your project size and growth while increasing the reliability of your assets with improved focus on health, safety and environment.

## Manage and optimize remotely to drive digital transformation in your operation

- Complete, clear data
- Easy-set smart alarms
- Predictive intelligence
- Self correcting optimization
- Continuously modulated control
- Exception based safety systems
- Zedi Access software
- Zedi Go mobile app
- 24/7/365 Customer Care

## Software as a Service

Fuel the power to unlock the most value from your data with our SaaS cloud-based solutions.

Easily and seamlessly access current, user-friendly data for real-time, accurate decision-making production gains. Our software applications are built for oil and gas producers and are delivered as a service to ensure evergreen enhancements, secure storage and full support. Increase profitability and operational excellence with our software solutions for better performing assets, streamlined compliance, and optimized resources.

### Acquire, manage, and analyze your production data while ensuring compliance

- Unlimited users, no seat or site licenses required
- 24/7/365 customer support
- Application upgrades
- User training
- Access anytime, anywhere
- Data center
- Business continuity
- Infrastructure management

## Automation as a Service

Get fast, pre-packaged, best-practice automation that's up and running in weeks, not months – or years! Zedi Automation as a Service (ZAaaS) effortlessly integrates automation in the field into accurate data to quickly deliver better business decisions, all backed by expert service from every angle.

### Wellhead Solutions

- Tubing/Casing • ESD

### Well Pad Solutions

- Single Well Battery
- Multi-well Battery

### Artificial Lift Solutions

- POCs
- Rod Pump
- Plunger Lift
- ESPs
- PCPs

### Gas Solutions

- EFM
- Charts

### Liquid Solutions

- Coriolis
- Mag Meters
- Turbines/Totalizers

### Facility Solutions

- Tank Levels
- Separators

### SWDs, Compressors & more
