

# MyTraining

Gain Next-Level Knowledge from Emerson Experts

A component of the MyEmerson personalized digital experience, **MyTraining** offers continuing education for employees whether it's online, in-person, on demand or instructor-led training. With MyTraining, employees can search for classes, register for classes or track their training.

## Features

- Training at your fingertips.
- MyTraining follows IACET (International Accreditation for Continuing Education and Training) practices and policies.
- MyTraining is a one-stop-shop for continuing education.
- Our broad portfolio of solutions and delivery methods helps drive employee retention
- Increases employee productivity and employee safety.

## Benefits

- MyTraining provides courses that hone critical thinking skills and help employees keep up with industry trends. Learning can be completed online, instructor led or onsite at a facility. MyTraining builds upon employee's skills based on their job responsibility, persona and competencies.
- Comprehensive and accredited training on MyEmerson products.
- View training history, search for classes and register for courses from a single, convenient location within MyEmerson.
- MyTraining builds upon employees' skills based on their specific core job tasks, persona and competencies. Our courses helps retain the kind of capable, experienced people you need to meet your business goals, now and in the future. Training programs are geared toward specific teams within your workforce, and we have flexible options for when and where courses may be taken.
- To operate your plant as safely and efficiently as possible, it's critical that your employees have access to essential expertise and knowledge. MyTraining from Emerson arms your workforce with critical thinking skills and ensures that their work processes keep up as technologies evolve.
