

Introducing a regulator that can stand the test of time, temperature and pressure.

FISHER™ The CS800 Series Commercial Service Regulator

Description

Proven reliability. Rugged construction. In-line maintenance. For more than 100 years, Fisher has set the standard in technologies and products for the LPG industry and the CS800 Series Commercial Service Regulator offers even more advanced features to help fuel your business. With greater durability, simpler maintenance and a higher speed of response, it's anything but standard. The CS800 Series is engineered to stand the test of time in commercial applications.

Type CS800IR

Features

- Up to 2 NPT or flange connection
- Capacities from 10 to 20M BTU
- Functionally tested from -40° to 160° F
- Ease of maintenance and installation
- Enhanced construction materials for long-lasting strength
